SUMMARY

I am an educator with a background in mathematics and software development. My work focuses on clear instruction, practical learning tools, and calm, structured support for students.

EXPERIENCE

Pineland Colony School

Sep 2026 - Present

Border Land School Division, Piney, MB

Grade 9 Mathematics and Science.

- Plan curriculum-aligned lessons that emphasize mathematical understanding, problem-solving, and student engagement.
- Integrate educational technology and digital learning resources to support instruction, assessment, and organization.

Practicum IV

Mar 2026 - Apr 2026

Pineland Colony School, Piney, MB

Multi-grade Grade 5-8 · All subjects

- Managed multiple grade levels, subjects, and learning needs.
- Applied feedback with professionalism, confidence, and responsiveness.

Practicum III

Oct 2025 - Nov 2025

Shevchenko School, Vita, MB

Grade 9, 10, and 12 Essential Mathematics

- Strengthened teacher presence, pacing, questioning, and guided practice.
- Supported students through visual modelling and clear mathematical explanations.

Practicum II

Mar 2025 - Apr 2025

RLG / Ross L. Gray School, Sprague, MB

Grade 2-4 Math and Science

- Used hands-on and iPad-supported learning activities.
- Improved pacing, transitions, oral discussion, and lesson closure.

Practicum I

Oct 2024 - Nov 2024

Brennan School, Newton, MB

Kindergarten Math/Science · Elementary ELA

- Supported early learners through modelling, repetition, and hands-on learning.
- Practiced classroom management, redirection, phonics, and read-aloud activities.

PROJECTS

Facts-On-Fire

2026 - Present

Creator and maintainer

Developed a mathematics fact-fluency assessment tool based on Brian Poncy's research. Supports one-on-one assessments, tracks student performance, and visualizes progress to inform targeted interventions and document student growth.

Kuriki
Creator & maintainer

2024 - Present

Developed a curriculum navigation and resource management platform. Supports curriculum-aligned lesson planning and generates mental math worksheets to strengthen mathematical fluency.

Gradiance
Creator and maintainer

2023 - Present

Developed an offline gradebook for managing student grades, tracking academic performance, and maintaining organized assessment records.

EDUCATION

Bachelor of Education (After Degree)
